

Wanneroo Districts Cricket Club Selection Policy and Process

Selection Philosophy

Selection is based on consistent performance of individuals, team balance, and commitment to training, with an emphasis on opportunities for player development.

Where possible, players will be allowed a reasonable number of opportunities to perform at a higher grade once they are promoted on form.

Historical performance, particularly at a higher level, will be taken into account.

Selection Committee

The Selection Committee shall consist of a Chairperson who shall be appointed by the Committee, the Club Coach and the Captains of the respective Grade sides.

Additional persons may be invited to attend Selection meetings for advice, such as Assistant Coaches, Junior Coaches, Vice Captains, although they are not eligible to vote.

Selection Process

All teams will be selected by 7.30pm Thursday evenings before a scheduled fixture(s), not including changes dictated by injury and/or late withdrawals.

In the case of a deadlocked vote, a three-way vote will be cast between the Chairperson of Selection, the Club Coach, and the Captain of the Grade being selected.

All players that have been omitted from any grade will be informed by a member of the Selection Committee prior to team selection announcement to explain the reasons why.

Selected players in each grade are expected to attend individual team meeting immediately after team announcements to discuss game plan.

Selection Feedback and Disputes

Players can discuss selection issues, concerns, batting and bowling positions within a team, etc. with any or all of the selection committee. The Director of Cricket is also available for any issues and/or the need to escalate.
